Dear Sir:

In response to the Office Action of June 2, 2005, Applicant makes the following elections.

IDENTIFICATION OF CLAIMS AS GENERIC OR WITHIN SPECIES I OR SPECIES II

Generic Claims

Applicant submits that claims 1, 10, 14, 15, 19 and 20 are generic. By generic it is meant that the claims cover injecting a biocompatible tissue stabilizer (the identifying feature of Species I) and would also cover mechanically securing a portion of the pharyngeal wall to an underlying structure (the identifying structure of Species II).

Species I.
